

Protect Yourself

Be Breast Aware.

October is Breast Cancer Awareness Month and EMCOR, known for safely building, powering, servicing and protecting facilities, is proud to show our support. EMCOR Pink Hard Hats will be worn by EMCOR employees at sites across the country throughout this important month. This eye catching sight serves as a unique “Call to Action,” encouraging people to—*Protect Yourself. Be Breast Aware*—and will be seen day in and day out by wives, mothers, sisters, neighbors, friends, passers-by, and others.

EMCOR UK

Build. Power. Service. Protect.
