

mobilisation

Project description

Upon conclusion of the original five-year term of its facilities management contract, this customer awarded EMCOR UK a ten-year agreement to provide a Total Facilities Management (TFM) solution. The contract covered five processing plants, plus the corporate headquarters and conference and training centre.

Key benefits

- Completed the TUPE transfer of 400-plus personnel
- Changed soft service only contract to TFM
- Increased operating efficiency and delivered savings in the first six months.
- Re-designed operating procedures to increase value-added activities
- Re-trained all employees to deliver an improved service to the customer

About the customer

Partnering with 3,500 growers, this customer is one of the most efficient sugar processors in the world.
